## UPDATED COVID-19 PRECAUTIONS

### JUNE, 2021

Masks (NO bandanas, gaiters or buffs) must be worn in all **common areas** of the building - hallways, restrooms, lobby, etc. *Many of our students are children who are not yet able to be vaccinated, and we share some spaces with tenants.*

Vaccinated students may remove masks during class, in the studio or class area, under the **conditions outlined below:**

- **The instructor is willing to teach unmasked, vaccinated students.** *Instructors may require masking during class at their discretion, superseding this policy.*
- **Participants sign a document that confirms their vaccination** and includes a COVID waiver.
- **Anyone NOT vaccinated continues to wear a mask.**

Mountain Top reserves the right to change its masking policy at any time and for any reason. Tuition payments will not be refunded if participants choose to drop a class due to a change in this policy.

---

When you arrive at Mountain Top, please wash or sanitize your hands immediately.

If you are early, you may wait in the second floor lobby, but please maintain a 6' distance between you and anyone else in the lobby. Parents or family members may wait in the lobby during lessons, with masks on, provided there are no more than 3 people in the lobby at a time.

If there is another student in your teacher's studio when you arrive, please wait in the hall until your teacher tells you to enter. (String students may tune up in room 213 at the end of the hall.)

A maximum of 4 people may be together in any upstairs studio. In the larger first floor spaces, please maintain a distance of several feet between household groups.

**IF YOU OR ANYONE IN YOUR FAMILY IS FEELING UNWELL WITH POSSIBLE SYMPTOMS OF COVID-19, OR HAS RECENTLY HAD A POSITIVE TEST FOR COVID-19, PLEASE CALL MOUNTAIN TOP AND DO NOT COME TO YOUR LESSON OR CLASS. IF YOU BEGIN FEELING UNWELL WHILE AT A LESSON OR CLASS, PLEASE LEAVE THE BUILDING IMMEDIATELY.**

*Staff will adhere to, and enforce, these masking policies.*

*Staff sanitizes high-touch areas between students. Studios and common areas are professionally cleaned weekly with hospital-grade products. Our ventilation system provides optimum air flow.*
